I've used the Desirability, Feasibility, Viability Venn to drive innovation and include key perspectives that shape the shape the solution.

6. McKinsey Portfolio of Initiatives

Portfolio of initiatives

I've used the McKinsey Portfolio of Initiatives to inspire and remind teams and leaders to think in terms of portfolios vs. "One Hit Wonders".

7. McKinsey 3 Horizons of Growth

I've used the McKinsey 3 Horizons of Growth to plan for innovation over time and respond to disruptive events in the market.

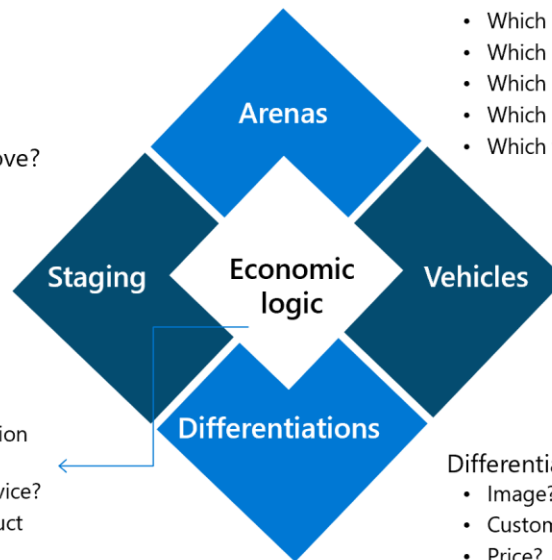

8. Strategy Diamond

Staging: What will be our speed and sequence of move?

- Speed of Expansion?
- Sequence of Initiatives?

Economic logic: How will returns be obtained?

- Lowest costs through scale advantages?
- Lowest costs through scope and replication advantages?
- Premium prices due to unmatched service?
- Premium prices due to proprietary product features?

Arenas: Where will we be active (and with how much emphasis)?

- Which product categories?
- Which channels?
- Which market segments?
- Which geographic areas?
- Which core technologies?
- Which value creation stages?

Vehicles: How will we get there?

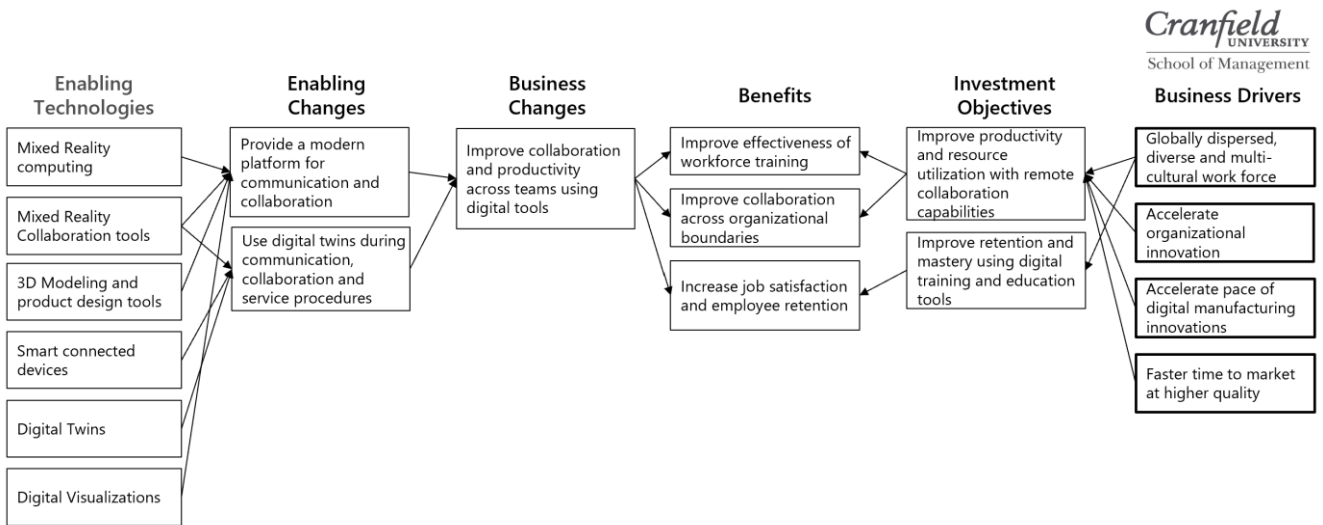

- Internal Development?
- Joint Ventures?
- Licensing/Franchising?
- Alliances?
- Acquisitions?

Differentiations: How will we win?

- Image?
- Customization?
- Price?
- Styling?
- Product Reliability?
- Speed to Market

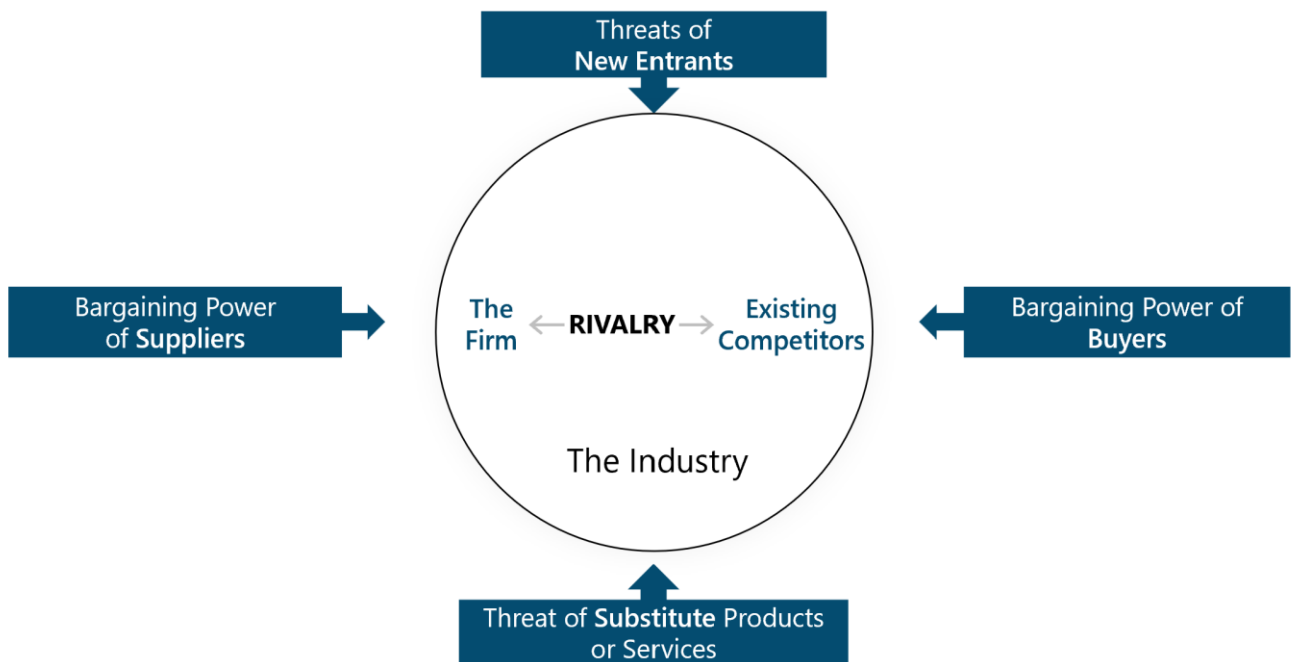

I've used the Strategy Diamond to make strategy explicit and to help shape org design and drive market disruption.

9. Benefit Dependency Network

I've used Cranfield's Benefit Dependency Network to effectively visualize business cases, and to make the case for big business change.

10. Porter's Competitive Forces

I've used Porter's Competitive Forces to really work through competitive analysis and understand the threats from multiple perspectives.
