# FinTech Strategy deep-dive and benchmarking collection

- C-Innovation offers you access to high quality, actionable, business-oriented reports.
- Over the next few months, our team has been compiling research on a number of successful FinTechs, taking deep dives into their company history, culture, success, competition and outlook.
- By placing FinTechs under the magnifying glass, we offer a better understanding of the factors that enabled them to become challengers in the financial services industry, as a guide for actors seeking to reach similar exponential growth.
- These reports aim at providing actionable insights and benchmarking to those interested in the financial technology industry, and more specifically, to businesses and entrepreneurs seeking to improve their strategies and increase their competitiveness.

*"In our 2023 Annual Report we said we would change our group structure in preparation for our big growth ambitions, and this year that's what we did. We set up a new UK holding company which sits at the top of the Monzo Group, which is a typical move for ambitious businesses that have further international expansion in their sights."*

**Gary Hoffman**

Chair of the Board of Directors

# Executive Summary

01

**Revenue Surge Through Diversification:** Monzo achieved a significant revenue boost in FY2024 by expanding its product offerings, particularly in lending and subscription services. This diversification played a critical role in driving the company to its first annual profit, underscoring the effectiveness of its customer-centric strategy.

02

**Operational Efficiency and Cost Management:** Despite the growth in revenue, Monzo faced challenges in managing rising operational costs. The report highlights the bank's efforts to maintain a balance between scaling its services and keeping expenses in check, a crucial aspect of its path to sustained profitability.

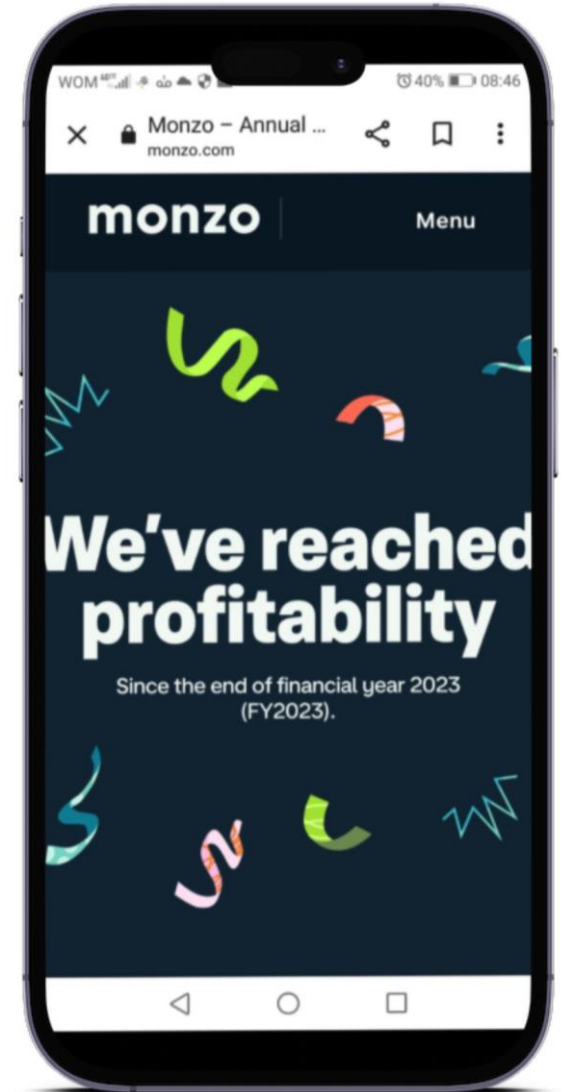

03

**Global Expansion and Strategic Challenges:** Monzo's ambitions to expand globally, especially in the US, have encountered regulatory and operational hurdles. The report details how these challenges have led to a strategic re-evaluation of its international growth plans, with a focus on balancing aggressive expansion with profitability.

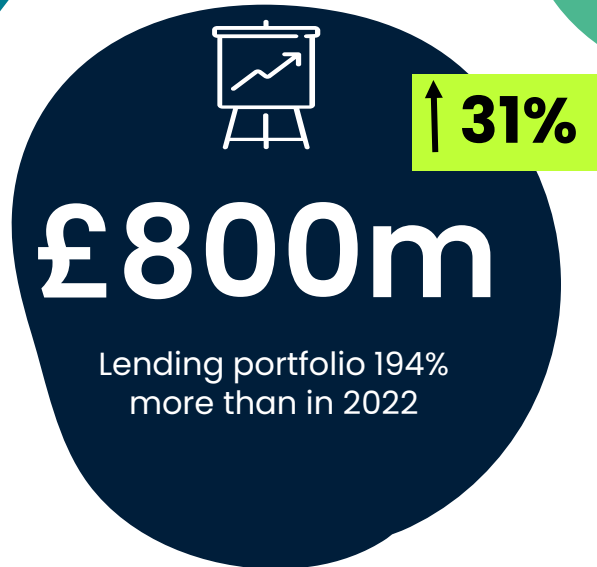

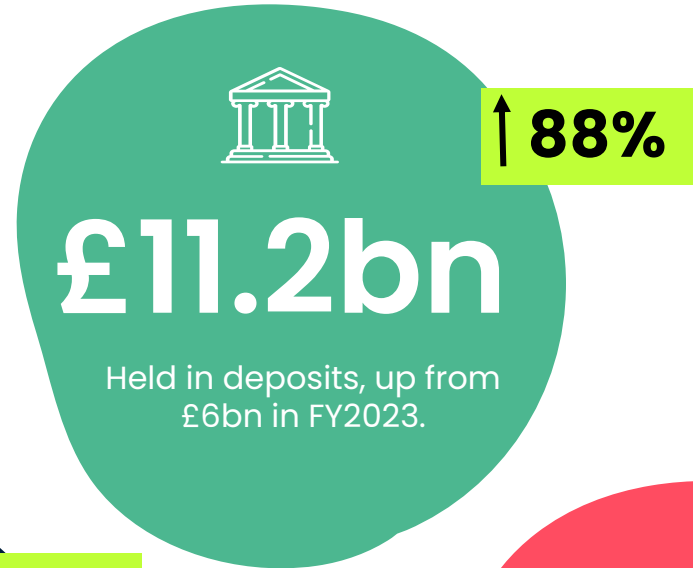

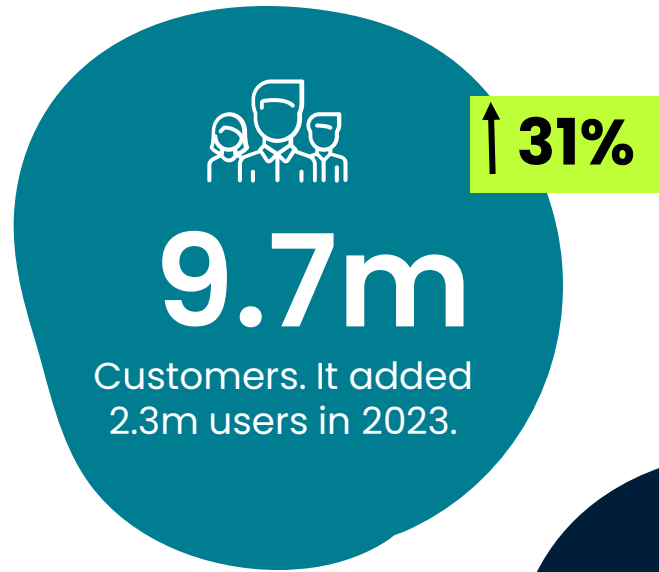

04

**Positioning for Long-Term Growth:** The introduction of business lending and further development of Monzo Investments signal the bank's commitment to building a resilient, diversified income stream. These initiatives are designed to enhance customer engagement and ensure long-term financial stability, positioning Monzo as a competitive player in both the UK and international markets.
