

**Yesterday
You said
Tomorrow.**

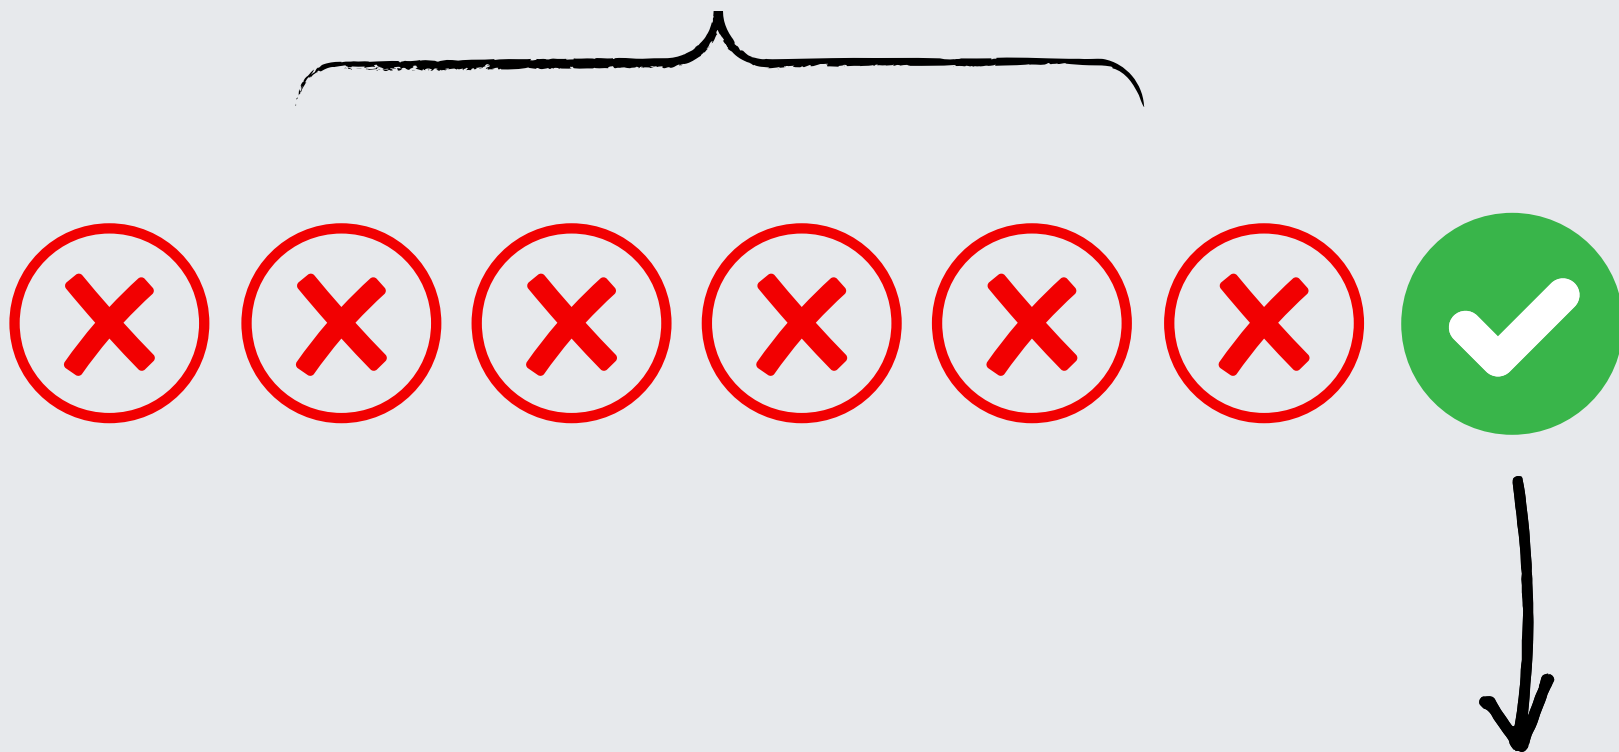

Just Do It.

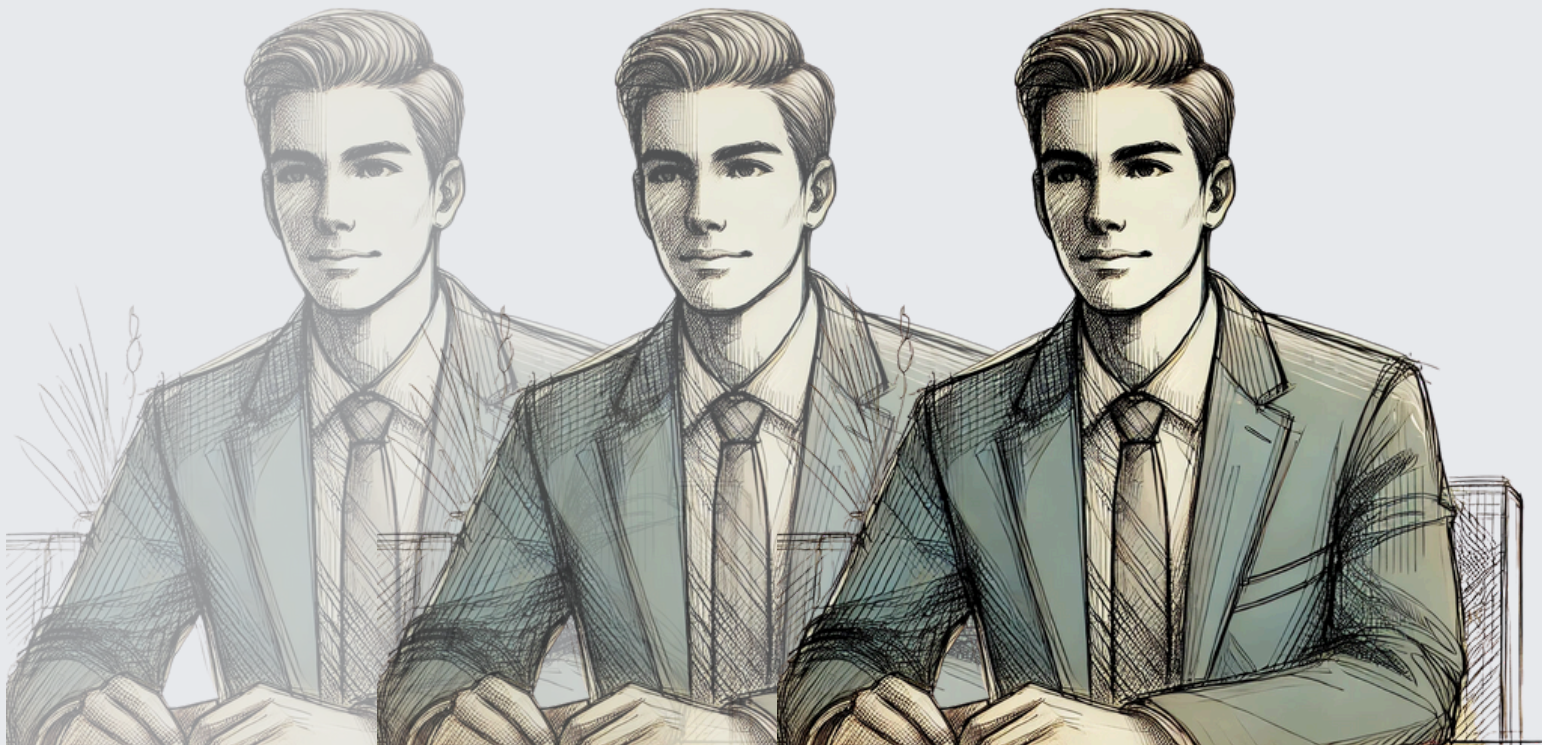

It always seems impossible

Until it's done.

**To become who you
want to be...**

**You must sacrifice
who you were!**

**Whether you do it
or you don't...**

Time will still pass.

**Growth might
look like this,**

**But this is what actually
happens.**

This is you!

**And this is the
only person
whose validation
matters.**
