Megatrends

1

Large institutions increasingly making allocations to digital assets and/or investment funds investing in digital assets.

Megatrends

2

Tokenisation of assets being seen as a pathway to access new investors and enhance liquidity.

Megatrends

3

Development of digital assets
as a legitimate asset class in
which to invest.

Megatrends

4

Economies of Scale that benefit investment funds and investors in offshore jurisdictions such as Cayman Islands and the British Virgin Islands (BVI) (e.g. well-established, widely used by global investors, variety of fund structures, economic and political stability, and a favourable tax regime with no income tax, capital gains tax or withholding tax) ensure that these jurisdictions remain robust against competition from their midshore competitors.

Megatrends

5

BVI developing a reputation as the natural home for start-up managers and some emerging managers to establish their investment funds.
