

**Design and
automate
complex
workflows
in minutes.**

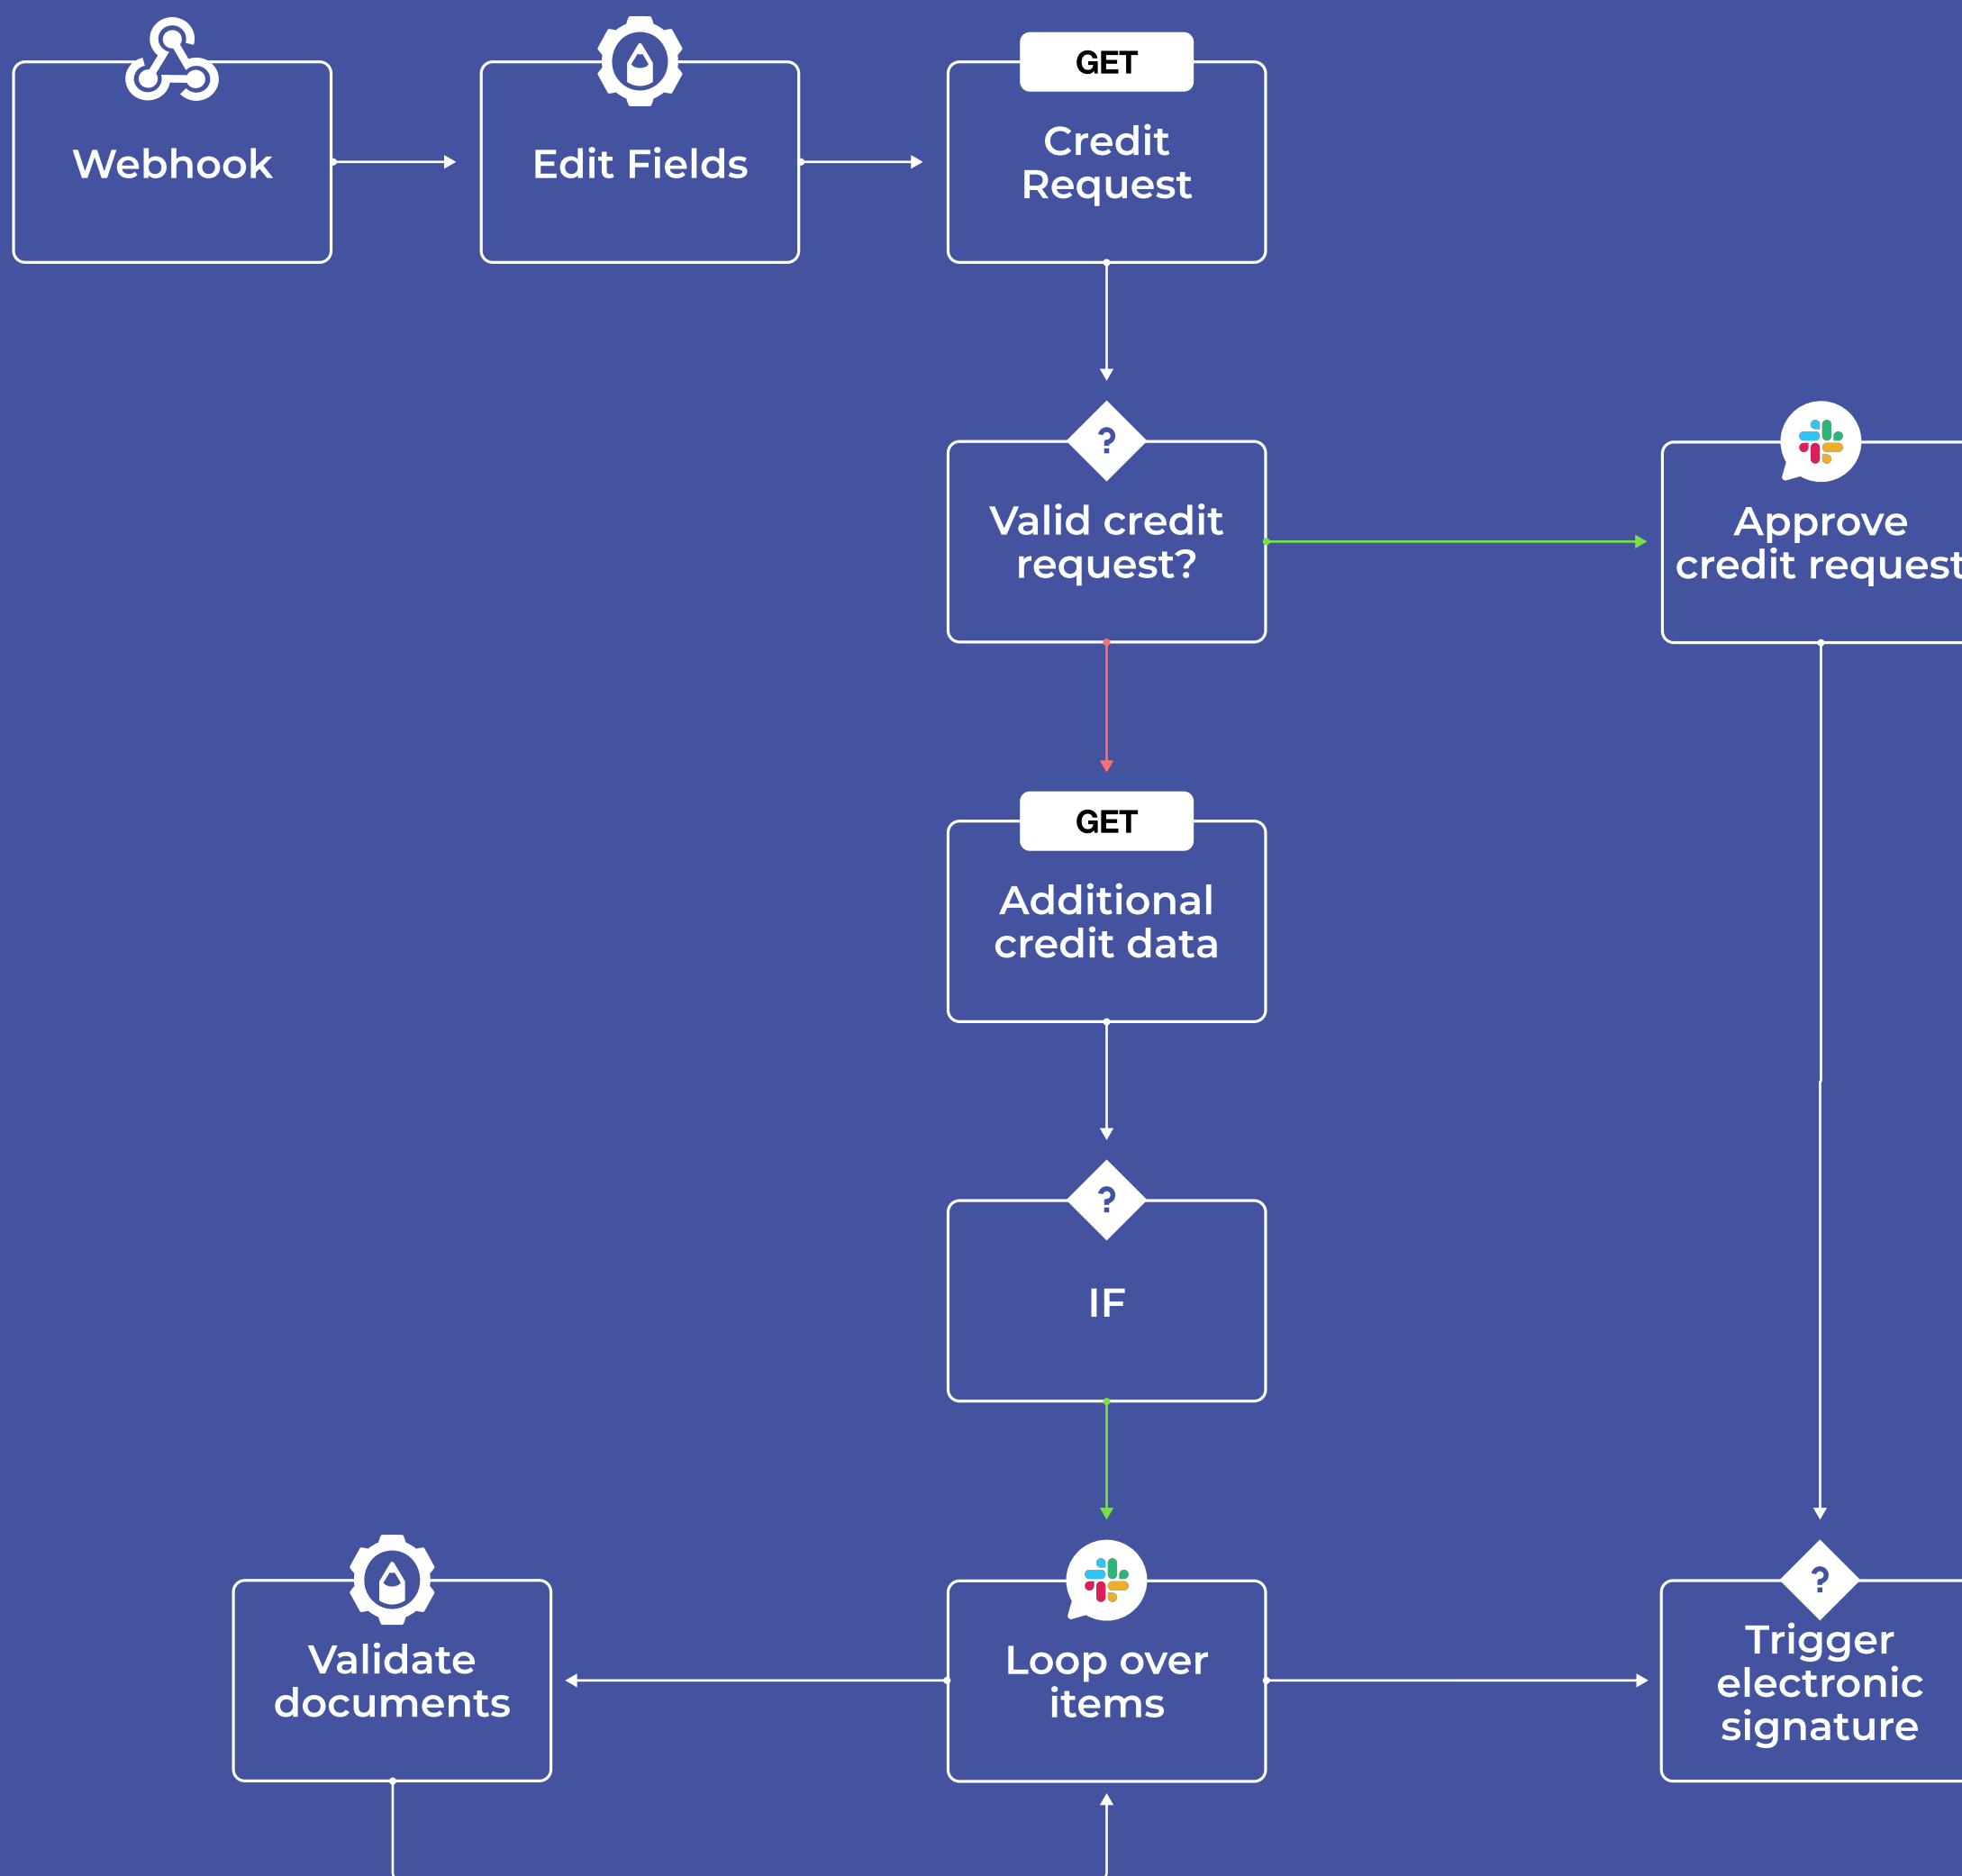

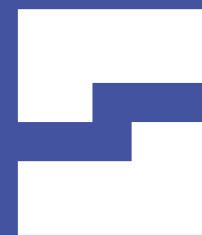

**Skaleet Process
Automation**

Powered by  **n8n**

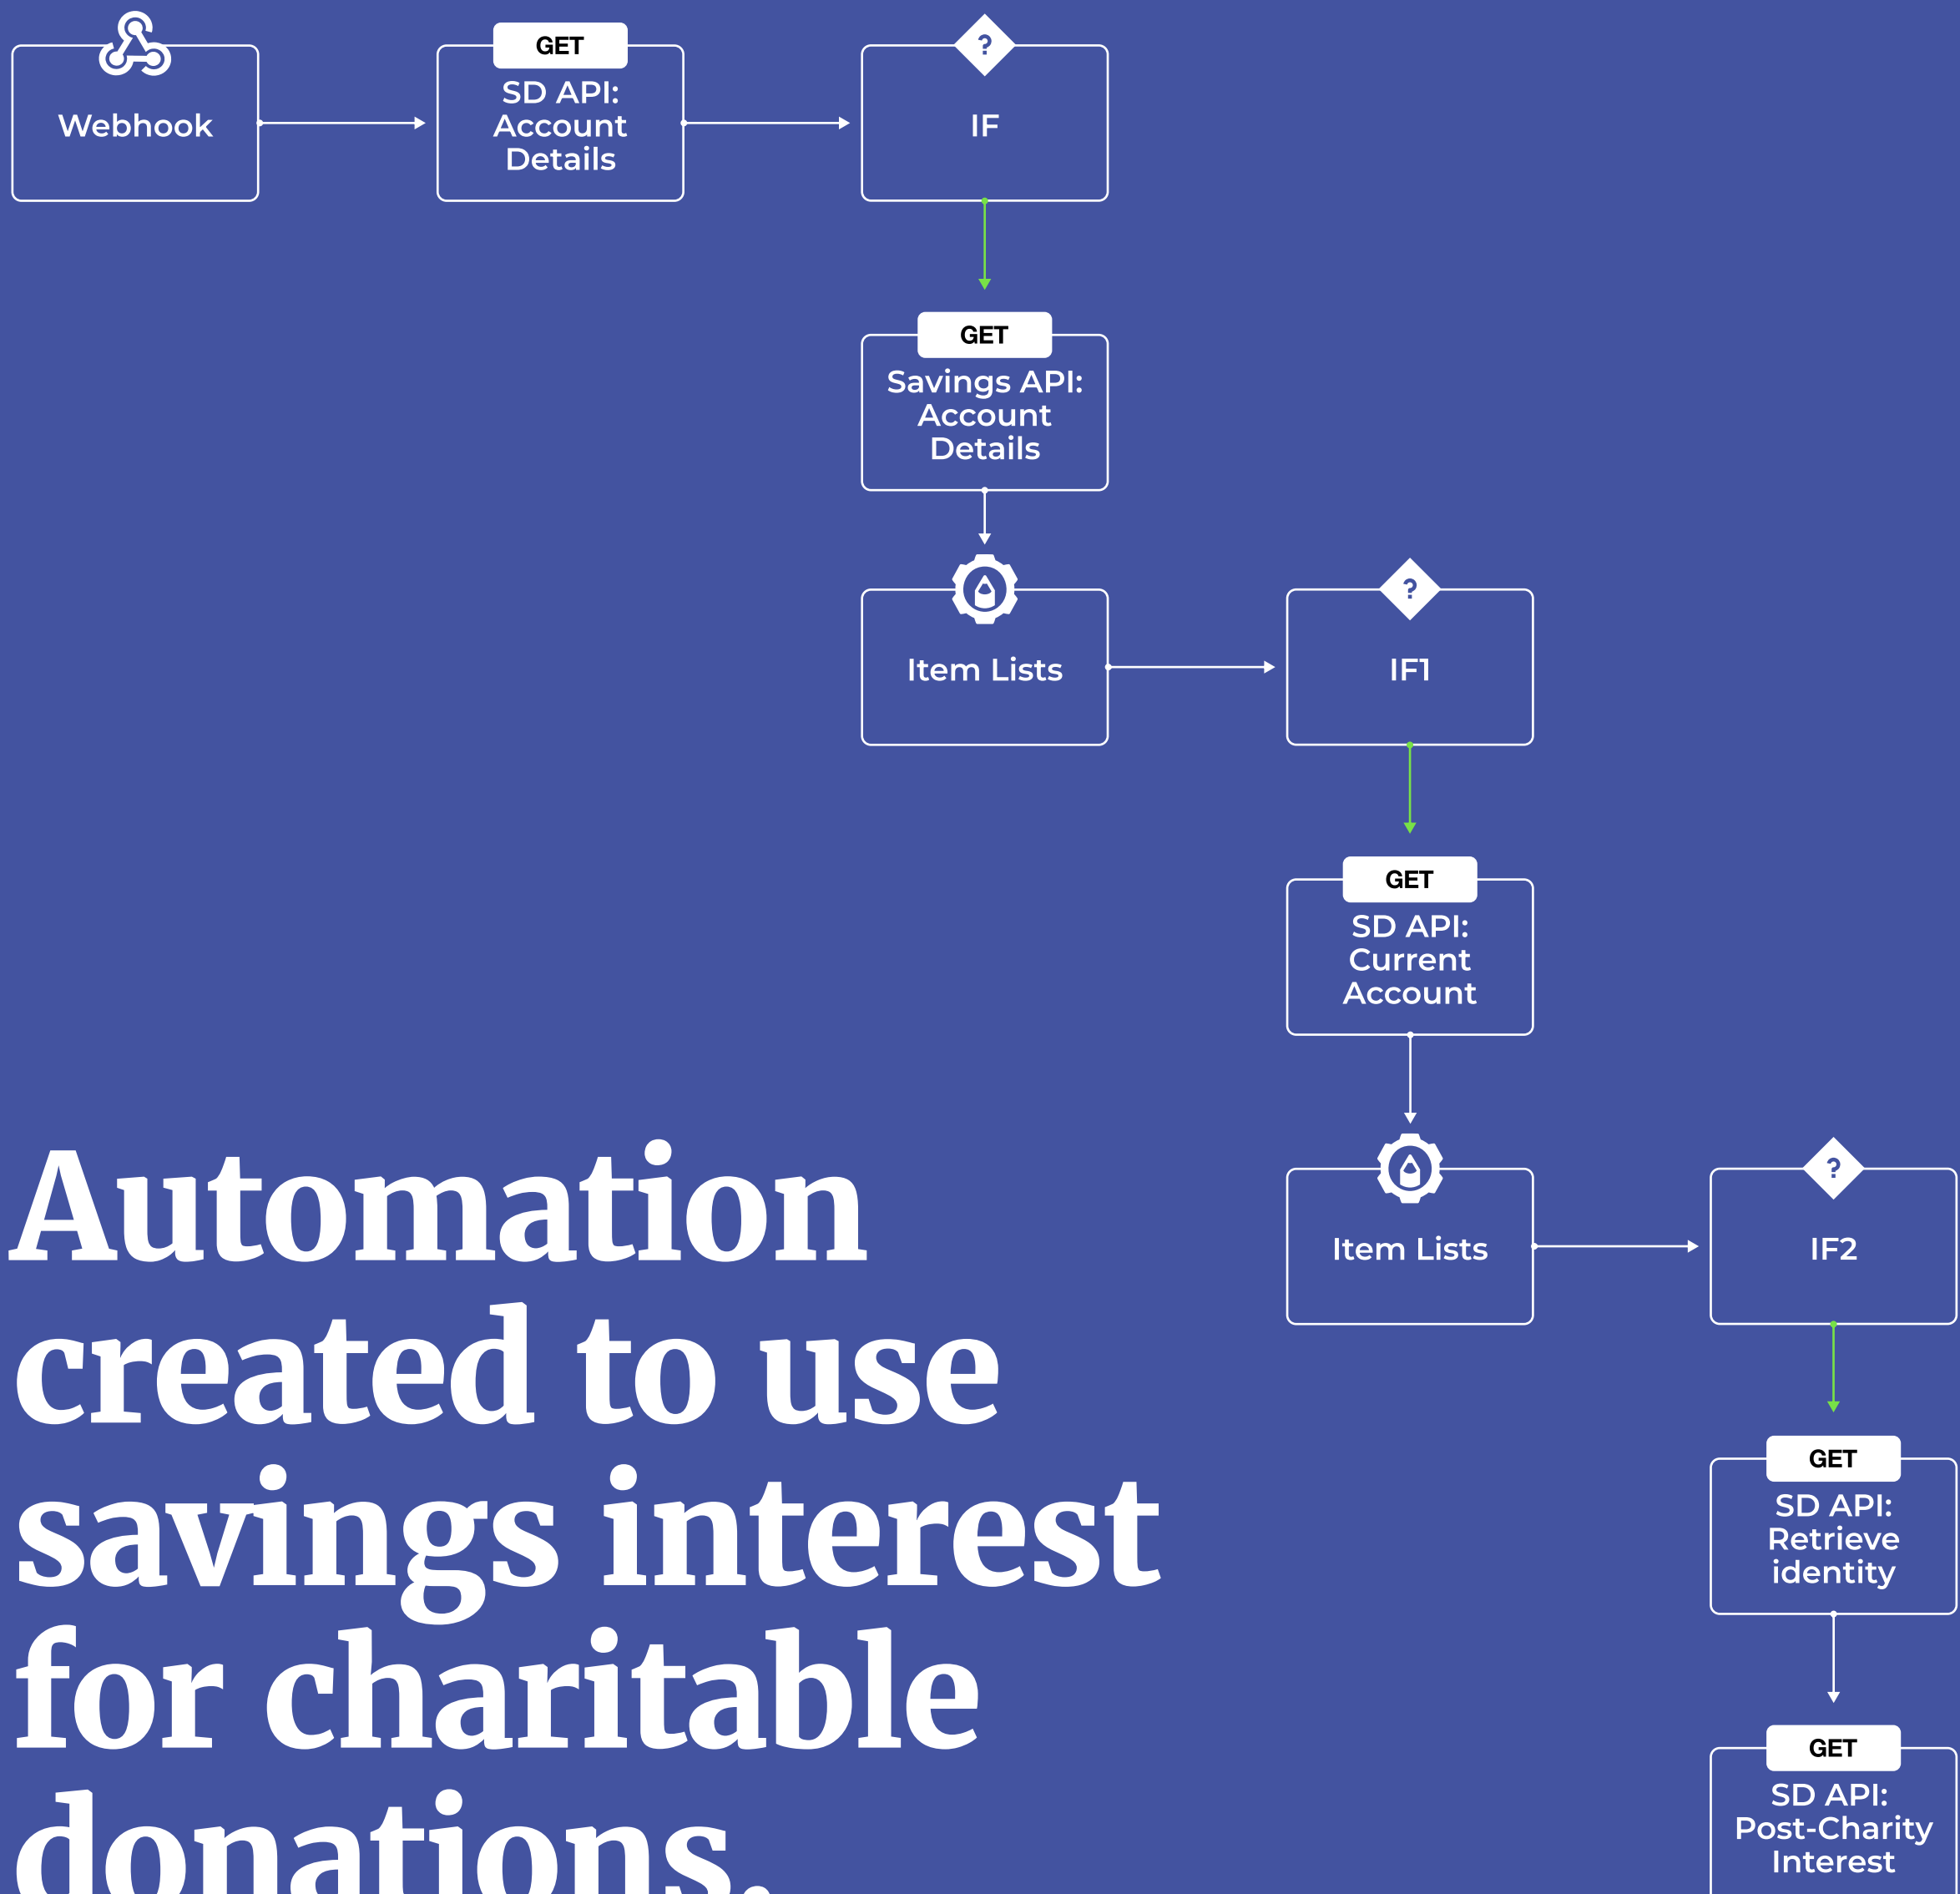

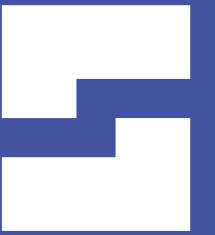

Automate 90% of customer onboarding.

Customize loan approval workflows & set up Algoan scoring retrieve in minutes.

Easily build custom workflows for your needs with Skaleet.

“We will aim to **automate as many tasks as possible** with SPA in general, for two reasons: to **reduce time spent on non-value-added tasks** and to **simplify the work of compliance** who will carry out the checks directly on the machine.”

Nicolas Martiren
CTO NiuPay
