2. **Silence** is better than unnecessary drama.

3. If you find someone **smarter than you**, work with them, **don't compete**.
Competition is a weakness.

4. The **family you create** is more important than the family you come from.

5. Your **current job doesn't care** about you. They only pay you enough to **kill your dreams.**

6. Free yourself from **society's advice**, most of them **have no idea** of what they're doing.

7. **Influence** most people drift through life. They have no purpose, no direction, and zero intent. **Learn their needs. Lead them.**

8. It's better to have 1 friend who's;

- **Happy for you**
- **Supports your win**
- **Encourages your dreams**

Than a bunch of acquaintances who are

- **Lazy**
- **Self-centered**
- **Jealous of your success**

9. You'll be **10x happier** if you forgive your parents and stop blaming them.

10. No one will ever come save you.
Your life is **100% your responsibility.**

11. Your inner circle should be more focused on **money, success,** and **starting a family.**

12. You don't need **100 self-help books.** All you need is actions and self-discipline.

Believe in your heart and soul that you are capable of big things in your life.

The only thing that is standing in your way is yourself.

Remove your glass ceiling.
