

# 12 HABITS THAT DEFINE TRULY INTELLIGENT PEOPLE

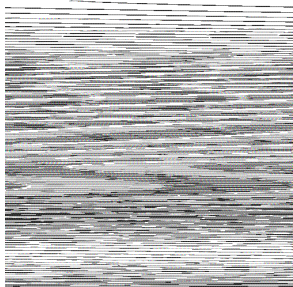

1. They don't talk about how  
smart they are.

They are busy growing their  
minds.

Raushan Kumar

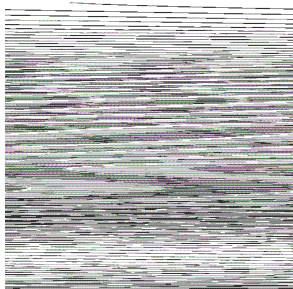

@rauskan kunat

2. They learn best by  
studying what works and try  
it.

Raushan Kumar

@raushan\_kumat

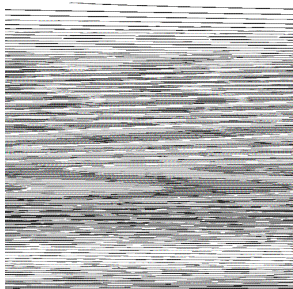

3. They try to figure things out  
themselves.

They use a lot of  
experimentations and problem  
solving approach to figure out  
things.

Raushan Kumar

@raashn kunat

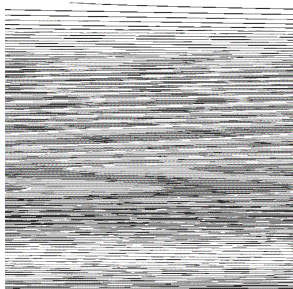

4. They're always hunting  
knowledge.

They focus on what they want  
to know, not what they already  
know.

6. They connect the dots.  
They look for connections  
between dissimilar things, read  
across fields and disciplines.

Raushan Kumar

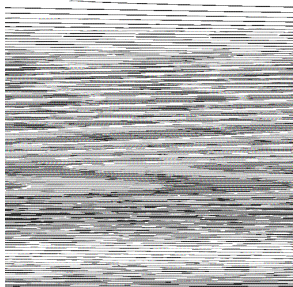

@rauskan    kunat

7.They are curious  
and  
ask lotsof seriousquestions.

Raushan Kumar

@rauskan kunat

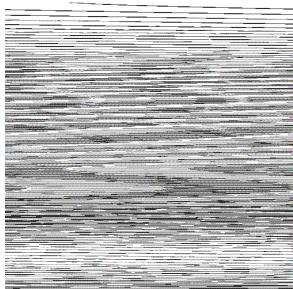

8 . They abstract from their  
experiences .

Raushan Kumar

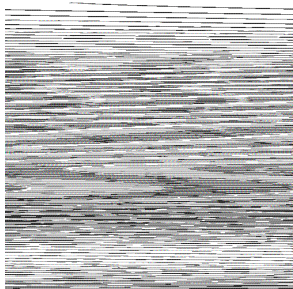

@rauskan    kunat

9 . They seek out puzzles and  
paradoxes .

Raushan Kumar

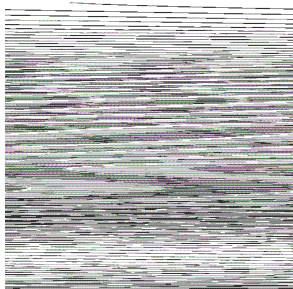

@rauskan    kunat

10. They have no problem  
with failure.

Raushan Kumar

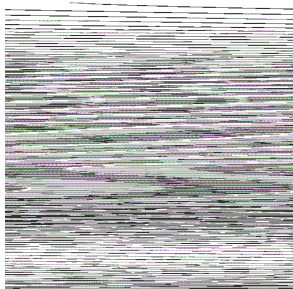

@rauskan    kunat

11. They don't try to sound  
Smart.

Raushan Kumar

@rauskan    kunat

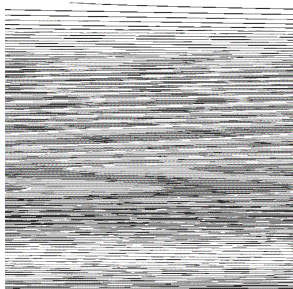

12. They don't always use big words.

They use the right words, when necessary, both big or simple, but focus on clarity and simplicity.
