Send Cold Emails Using Apollo

1. Access: [Apollo.io](https://www.apollo.io)
2. Click On Search And Select "C-Level" Under Job Titles
3. Choose "Verified" For The Email Status
4. Insert Your Business Niche In The "Currently Hiring For" Section (To Detect A Clear Buying Intent For Your Solution)
5. Filter Companies With An ARR Ranging From 0.1 - 5 Million USD
6. Save Search Results And Add Scrapped Emails To The New Sequence
7. Use The Following Subject Line:
[Their Company] <> [Your Company]
8. Don't Sell In The First Email, Instead, Outline Your Value Proposition In Under 50 Words.

The screenshot shows the Apollo.io platform. At the top, there's a navigation bar with links for Platform, Teams, Resources, Pricing, and buttons for Get a demo, Log in, and Sign up for free. Below this, a large call-to-action box on the left says "Find and close your next deal". It includes a brief description: "Power your go-to-market with one platform. Fueled by the most accurate data on 275M contacts and 73M companies.", and two buttons: "Sign up for free" and "Get a demo". Below this, there's a 5-star rating and a note: "4.8/5 based on 7,039 reviews | GDPR Compliant". On the right side, there's a detailed view of a contact named Alissa Jones, VP of Sales at Dropbox, located in San Francisco, California. Her profile includes social media icons and a rating of "Excellent". Below her profile, there's a sequence builder for "Day 1 Automatic Email", "Day 3 Phone Call", and "Day 5 Connect". The sequence is set for "Opportunity" with "Music" as the category and "15,000 employees" as the count. There's also a mention of "Hubspot Information Technology". A sidebar on the left lists various tools and features like AI email assistant, AI prospector, and AI sales assistant.
