Embrace Effortless Automation

Do away with manual uploads

- **Eliminate manual uploads with our advanced document processing**

- *Measure* **leverages automated intelligence to seamlessly extract data from a wide array of document formats**

- **Multi-language support available**

GoNetZero™

Visualise Your Impact
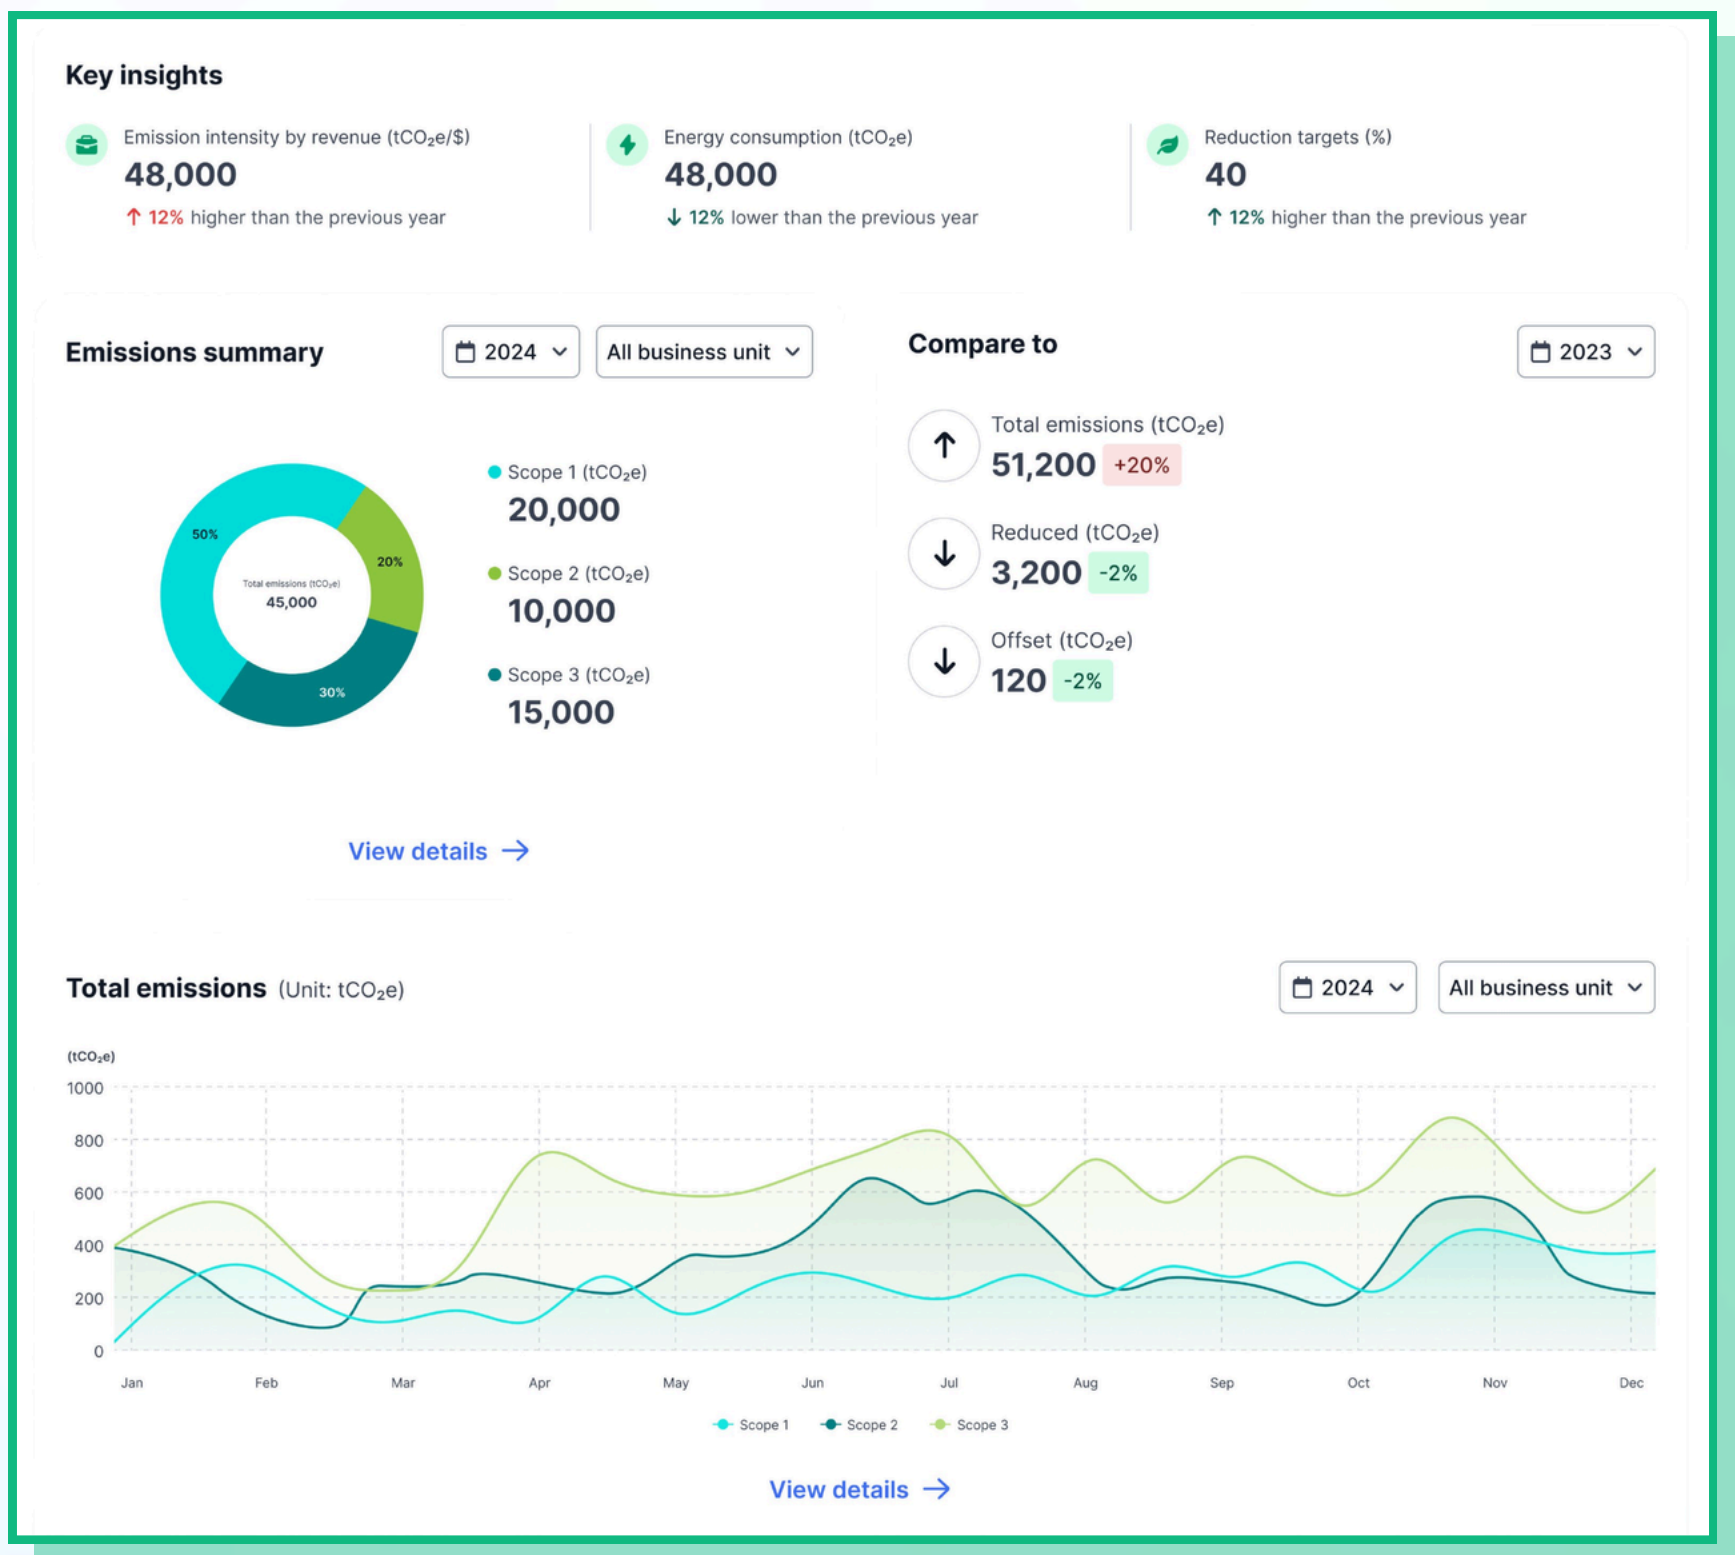

Take command of your emissions data with the *Measure* dashboard. This intuitive, customisable dashboard is designed to give you a clear and comprehensive view of your organisation's carbon footprint, empowering you to:

- **Gain key insights at a glance**

- **Visualise your emissions data**

- **Compare and benchmark**

Zero In On High Impact Areas

Hotspots (Unit: tCO₂e) ℹ️
